CVR API v2.0.0

Scroll down for code samples, example requests and responses. Select a language for code samples from the tabs above or the mobile navigation menu.

You can only access this API with a username and password. To acquire that please fill out your contact information on the public website.

This API is only for paying customers.

CONVENTIONS

- Basic authentication
- Only understands HTTPS
- Only understands JSON

CHANGELOG

- **2022-01-18**: Added company change endpoint
- **2022-01-18**: Changed feed url
- **2021-04-27**: Updated changed feed
- **2021-04-15**: Added participant attributes
- **2021-02-01**: Published documentation

ENDPOINTS

Base URLs:

- https://rest.cvrapi.dk

Authentication

- HTTP Authentication, scheme: basic The provided token is the username and password is empty.

Company

Find by VAT

Code samples

```javascript
const data = null;

const xhr = new XMLHttpRequest();
xhr.withCredentials = true;

xhr.addEventListener("readystatechange", function () {
  if (this.readyState === this.DONE) {
    console.log(this.responseText);
  }
});

xhr.open("GET", "https://rest.cvrapi.dk/v2/dk/company/0");
xhr.setRequestHeader("Accept", "application/json");
xhr.setRequestHeader("Authorization", "Basic {access-token}");

xhr.send(data);
```

`GET /v2/{country}/company/{vat}`

Returns a single company

PARAMETERS

Name	In	Type	Required	Description
country	path	string	true	Country
vat	path	integer(int64)	true	VAT

ENUMERATED VALUES

Parameter	Value
country	dk
country	no

RESPONSES

Status	Meaning	Description	Schema
200	OK	Result	Company
400	Bad Request	Bad Request	Error
401	Unauthorized	Authentication information is missing or invalid	None
403	Forbidden	Forbidden	Error
404	Not Found	Not found	None
500	Internal Server Error	Internal Server Error	Error
501	Not Implemented	Internal Server Error	Error

RESPONSE HEADERS

Status	Header	Type	Format	Description
200	Access-Control-Allow-Origin	string		Origin allowed
200	Access-Control-Allow-Methods	string		Origin method allowed

To perform this operation, you must be authenticated by means of one of the following methods: authentication

Search in companies
